# 164 Contemporary 2 & 3-storey Shop Offices in a 16-Acre Retail Village Setting

The new BSP Village was designed to fulfill the social and commercial needs of the OneBSP development and the Bandar Saujana Putra neighbourhood, an established township. Modeled after a contemporary Retail Village, this commercial component will serve the needs of more than 30,000 residents and presents an extraordinary opportunity for the savvy investor.

# Maximum Street Frontage and Visibility

# Pedestrian- friendly Open Spaces to Bring the Community Together

BSP Village was inspired by the casual and friendly ambience of a traditional village where pedestrianised streets and shady landscaping have been designed to facilitate browsing in a welcoming and safe environment. Each of the 164 shop offices may be easily adapted to suit various commercial ventures, and all offer the kind of street front visibility that encourage spontaneous walk-ins.

# A 56-Acre Integrated Township Hub Comprising Retail, Commercial and Residential Developments

OneBSP is a new and exciting 56-acre integrated township hub within Bandar Saujana Putra with Retail, Commercial and Residential components, as well as the neighbourhood's only shopping mall. And BSP Village, as the only retail investment opportunity within this development, is a prized catch for the investor. Not only will BSP Village benefit from a captive market that's ready to be tapped, it will soon reap the footfall benefits expected from the completion of MAHSA University and a proposed Medical Centre nearby. BSP Village is also easily accessible via 4 major highways: ELITE, SKVE, KESAS & LDP.

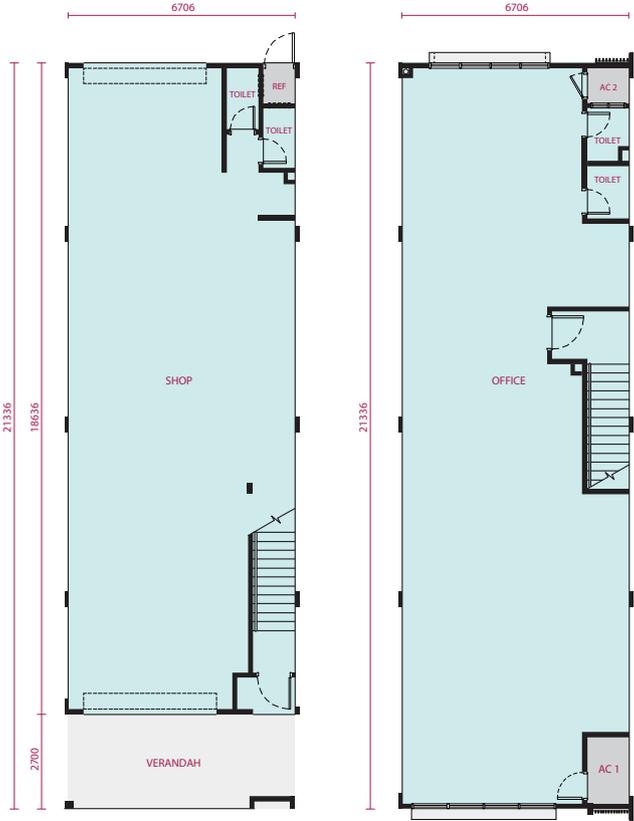

## Increased Patronage from BSP21, the Development with the Most Number of Facilities in the Klang Valley

BSP21 is a new and exciting development in Bandar Saujana Putra which promises over 70 amazing facilities on more than 8 acres of recreational and family spaces. The sheer diversity of activities offered at BSP21 is set to create an air of excitement that will spill over to BSP Village, and equally, it will present a ready market of customers and patrons.
